**Selected Answer: C**

C is better, but there's nothing to stop D being structure if it's just date and comments as the two columns. That being said, C is correct here

is correct here.

**Selected Answer: C**

Blood Pressure is structured, notes are not structured

   upvoted 2 times

  **Chirag7** 2 years, 1 month ago

**Selected Answer: C**

C is the answer - Physical measures like height, weight, blood pressure, blood type, and stage of the disease can be recorded numerically and they are structured.

**Selected Answer: C**

c is structured data.

   upvoted 1 times

  **Ej24356** 2 years, 1 month ago

**Selected Answer: C**

Examples specific to healthcare, the group explains, include radiology images or text files, like a physician's notes in the electronic health record. Even anonymous data is seen as unstructured.
