## EXAM CLOUD DIGITAL LEADER TOPIC 1 QUESTION 2 DISCUSSION

Actual exam question from Google's Cloud Digital Leader

Question #: 2

Topic #: 1

[\[All Cloud Digital Leader Questions\]](#)

Your organization needs a large amount of extra computing power within the next two weeks.

After those two weeks, the need for the additional resources will end.

Which is the most cost-effective approach?

- A. Use a committed use discount to reserve a very powerful virtual machine
- B. Purchase one very powerful physical computer
- C. Start a very powerful virtual machine without using a committed use discount
- D. Purchase multiple physical computers and scale workload across them

C is correct because we don't know the compute use for 2 weeks and discount is available on 1-3 years not for 2 weeks.

Agreed C. "When you purchase a committed use contract, you purchase Compute Engine resources—such as vCPUs, memory, GPUs, local SSDs, and sole-tenant nodes—at a discounted price in return for committing to paying for those resources for 1 year or 3 years."
