EXAM CLOU	D DIGITAL LEADER TOPIC 1 QUESTION 236 DISCUSSION	
Actual exam questio Question #: 236	from Google's Cloud Digital Leader	
•		
Topic #: 1		
Topic #: 1 All Cloud Digital Leade	Questions]	
All Cloud Digital Leade	Questions]  nired a team of data scientists and developers. They want to create unique value in their business by complete learning model in Vertex AI Workbench. Which service should the organization use to train the model	
All Cloud Digital Leade	nired a team of data scientists and developers. They want to create unique value in their business by co e learning model in Vertex Al Workbench. Which service should the organization use to train the model	
All Cloud Digital Leade  An organization has an advanced machin	nired a team of data scientists and developers. They want to create unique value in their business by co e learning model in Vertex Al Workbench. Which service should the organization use to train the model	
An organization has an advanced machin	nired a team of data scientists and developers. They want to create unique value in their business by co e learning model in Vertex Al Workbench. Which service should the organization use to train the model	
An organization has an advanced machin  A. Custom traini  B. AutoML	nired a team of data scientists and developers. They want to create unique value in their business by co e learning model in Vertex Al Workbench. Which service should the organization use to train the model	
An organization has an advanced machin  A. Custom traini B. AutoML C. Compute Engi	nired a team of data scientists and developers. They want to create unique value in their business by content of the learning model in Vertex Al Workbench. Which service should the organization use to train the model of the learning model in Vertex Al Workbench. Which service should the organization use to train the model of the learning model in Vertex Al Workbench. Which service should the organization use to train the model of the learning model in Vertex Al Workbench. Which service should the organization use to train the model of the learning model in Vertex Al Workbench. Which service should the organization use to train the model of the learning model in Vertex Al Workbench. Which service should the organization use to train the model of the learning model in Vertex Al Workbench.	
An organization has an advanced machin  A. Custom traini B. AutoML C. Compute Engi D. Prebuilt APIs	nired a team of data scientists and developers. They want to create unique value in their business by content of the learning model in Vertex Al Workbench. Which service should the organization use to train the model of the learning model in Vertex Al Workbench. Which service should the organization use to train the model of the learning model in Vertex Al Workbench. Which service should the organization use to train the model of the learning model in Vertex Al Workbench. Which service should the organization use to train the model of the learning model in Vertex Al Workbench. Which service should the organization use to train the model of the learning model in Vertex Al Workbench. Which service should the organization use to train the model of the learning model in Vertex Al Workbench.	
An organization has an advanced machin  A. Custom traini B. AutoML C. Compute Engi D. Prebuilt APIs	nired a team of data scientists and developers. They want to create unique value in their business by come learning model in Vertex AI Workbench. Which service should the organization use to train the model organization use the model organization use to train the model organization use to train the model organization use the model org	

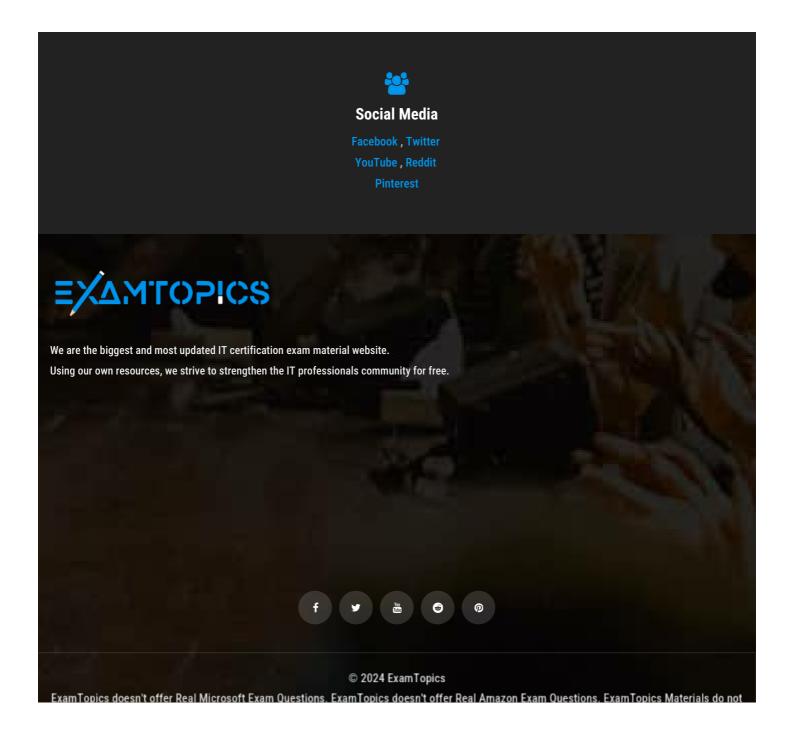

## **Submit**

learning tasks that cannot be addressed by pre-built solutions. With custom training, organizations have full control over the model architecture, hyperparameters, and training process, enabling them to create highly tailored and optimized machine learning models to address their specific business needs.
